

Cosmo-Clean

Safety floor cleaner concentrate

page 1 of 1

Highly concentrated, mild-alkaline, foam-inhibited, NTA- and solvent-free safety cleaner for mechanical and manual cleaning of industrial, workshop and other building floors. In comparison with other cleaners, the danger of slipping on surfaces that are still wet is considerably reduced. Existing floor sealants or coatings are not impaired. A selected combination of detergent substances and phosphates guarantees sensational cleaning results with extremely high dilutability at the same time. With a fresh lemon fragrance. Quick-separating in accordance with ÖNORM 5105. With Daimler approval.

Areas of use

Industrial, workshop and other building floors (manual and mechanical)

Recommendations for use

Depending on the dirt accumulation: industrial and workshop floors (mechanical and manual): 1:40 to 1:120. Office floors, etc.: 1:60 to 1:300.
